Geo-Technology Associates, Inc. Expands Reach in Southern Maryland with Opening of Waldorf Office

GTA Associate G. Scot Gordon, P.E. to Manage New Office

September 1, 2006

Waldorf, MD - Geo-Technology Associates Inc. (GTA), a mid-Atlantic geotechnical engineering and environmental consulting firm, recently announced the opening of a new office location in Waldorf. The new location allows GTA to better provide their established brand of geotechnical and environmental services for clients on residential, commercial, and institutional projects in Charles, St. Mary's, and Calvert Counties.

GTA specializes in services such as geotechnical design and subsurface exploration, geotechnical and foundation engineering, construction observation and materials testing, and environmental engineering. The firm also assists clients through risk identification and management as a client advocate.

While the new Waldorf office will house approximately 12 employees when it opens, GTA plans to grow quickly in the area and add to its professional staff in the next year.

GTA's Waldorf office will be managed by G. Scot Gordon, P.E., an Associate of the firm. Mr. Gordon has over 18 years of experience in the geotechnical and engineering field and is a registered Professional Engineer in Maryland, Colorado, and Texas. He is also a member of the American Society of Civil Engineers, National Society of Professional Engineers, and ASFE.

Mr. Gordon received his Bachelor of Science in Civil Engineering from Texas A&M University in 1989. He received his Master of Engineering in Civil Engineering from Texas A&M University in 1990. Mr. Gordon and his family reside near La Plata, Maryland.

Matthew D. Brown, will join Mr. Gordon in Waldorf and manage the construction observation and testing division. Matt has been with GTA for 11 years, and received a Bachelor of Science from the University of Maryland in 1994. Mr. Brown and his family reside near Lexington Park, Maryland.
